Reg. No. DK 2325 6118

To whom it may concern

RoHS

The EU RoHS Directive, ("Restriction of Hazardous Chemicals Directive"; 2002/95/EC, 2011/65/EU), deals with the presence of hazardous metals and chemicals in various products.

The metals and chemicals included in the RoHS are:

- ◆ Lead (Pb)
- ◆ Mercury (Hg)
- ◆ Cadmium (Cd)
- ◆ Hexavalent chromium (Cr^{VI})
- ◆ Polybrominated biphenyls (PBB)
- ◆ Polybrominated diphenyl ether (PBDE)

None of these metals, ions or compounds are present as alloying elements in stainless steel, and the Damstahl Group hereby certify that all grades of stainless steel supplied by us are in accordance with the RoHS Directive.

Yours sincerely,
Damstahl a/s

Mikael Sthaalros
